

Fen Drayton Parish Council would like to hear from local residents about the impact the recently announced cuts to the Stagecoach bus services will have, in particular the removal of the Citi 5 service.

We are working with neighbouring parish councils and our district and county councillors to collect information on how the cut will affect our residents. The information will be used in discussions with Stagecoach and local authorities to ensure a properly timed and routed bus service is kept in place. The guided bus is not easily accessible for most Fen Drayton residents.

Please let us know how this will affect you, by emailing: [fendrayton.clerk@gmail.com](mailto:fendrayton.clerk@gmail.com)
